“ I am so sorry to hear about the passing of your father and my uncle. My thoughts and prayers are with you during this very sad and difficult time.

Although the times I seen my uncle were not as often as I would have liked because we lived in different states, I knew him very well through my father stories of him. I remember one time about 10 years ago when I was in San Franciso for work I picked up a flyer and noticed the city of Vallejo. I told my husband that I had an uncle that lived there and didn't realize we were so close to where he lived. To make a long story short I made contact with my uncle and was able to visit with my aunt Margaret and him for a short time. During my visit I felt like I had grown up seeing my uncle all of my life. He made me feel very special. That was the last time that I seen him but I did get an opportunity talk to him on a few other occasions and when my mother passed away in 2004. Looking at his picture on this site brings tears to my eyes because in him I also see my grandmother Rita and my dad.

Sincerely,
