

## Douglas E. Smith Jr.

September 4, 1944 - March 21, 2012

No obituary found for this tribute.

# Tribute Wall

“ *was shocked and saddened to hear of your fathers' passing. I worked with Dr Smith at Napa State Hospital for several years. A more caring, kind and humors man you would be hard pressed to find. I always enjoyed running into him around town, and catching up on each other's lives. Always quick with a smile and strong in his beliefs of right and wrong. He will be greatly missed. May God bless and keep you.*

“ *Dr. Doug helped me early in my careers as a Counselor/Caseworker sharing his knowledge and compassion working with young people. Thank you Dr. Doug for the time, energy and lessons. May you rest in peace and blessings to your family.*

“ I am so sad to hear that Doug died. It's so hard to believe...I have known him for 30 years through his years at Our family, the founding of Thunder road, his ranch, the birth of his son, and the twists and turns of his life. He will be remembered by me as a truly kind and caring person who saw the goodness in people. His death reminds me of my own mortality and how fleeting life is...His youth and his energy seem like yesterday. A truly good guy. We had dinner together at Christmas and he talked about adventures to come. I hope his beloved cat, Fred, is being cared for by someone at the marina. I miss him.

“ I had known Dr Smith as my professional colleague and mentor at Napa State Hospital. He was vociferous advocate for rights of those who have limited voice. He was always for higher ethical standards of our hospital and profession. He invited me so many times to visit his live in boat. He lived as free spirit and soon his mortal remains will be set free in open waters off Nova Scotia coast. Farewell my friend. “Jay”

TK

“ I worked with Dr. Smith, "Doug", for several years here at Napa State Hospital. He made himself available to all his patients as well as his co-workers. He was a very compassionate doctor who was willing to advocate for patients who could not advocate for themselves. He was also one of our more outspoken doctors with respect to addressing the safety and security problems at our facility. He was passionate about his causes and he will be sorely missed.

“ I was very sad to read about the passing of Dr. Smith. He was such a nice personable lively person and I enjoyed many conversations with him at Napa State. He was a great doctor who truly cared about his patients and staff and treated everyone with the same respect. He is going to be missed.

LP

“ I worked with your father at Napa State Hospital on Q 5/6 for several years. He was a very dedicated doctor and had a great sense of humor. He was a good man, very friendly and concerned about others. I'm so sorry about your loss. Too young to go. I was stunned, when I read the obit. He was well liked by several staff. God Bless you!!!
