Dear Tata

I have a problem with my knee and I have to watch tv a lot. I am eating and resting in my home what gives me joy. In Poland the lockdown has passed and everything is coming back to normal what is important. I really like my loneliness and my daily routine eating and watching tv by myself. I am getting older and loneliness is good for me. I am not married yet and still waiting for that moment in Poland to get married I want someone from good home. It is going to be long before I will have a husband I think. My Easter lonely dinner and rest and tv is enough for now. I am thinking of you everyday and I miss you and as usually I love you always.

Dear Tata

My Easter holiday dinner is very simple. I am at home watching tv and resting my knee is a problem. My life is the same and simple. My thoughts are still around you and this gives me happiness and possibility of writing to you and my memory about you is happiness. I am watching movies sometimes and some social programs about life and daily changes. Many difficulties are still the same and home gives comfort happiness and rest everyday. Watching tv is important and reading. This year Easter is very simple in colors and not very plain. Nice colors of yellow and green this is what I choose and like for Easter wishes it is hard to choose something nice and pretty. It seems like Easter is not so simple anymore. Life is not comfortable anymore and is more difficult. I know how to care for myself and my home is nice. I am thinking about having some savings and better life when I am old. Eating well gives me pleasure and comfort. Loneliness is nice. I am not married yet. I will be praying and thinking of you on Easter day my best friend my buddy. I love you always.

It was nice of you to left this possibility. Today is snowing and is cold. I am drinking tea and watching tv and you are in my thoughts. I like my thoughts my loliness and my simple and old home. I am also getting older and i have to be happy about being old and older. I feel still young but I feel also old at the same time. Each day is the same and I love it. I just hope that lockdown pass by and I will be able to live much comfortable life. Rght now tv is the best. I will be listem to music and thinking about you more on 11 of April. The lockdown is over. I am happy that I spend this time in my beloved home. I am doing well and I feel old and happy at the same time if I may say this way. My wish list written 20.05.2021

I am thinking of visiting France in 2024

I have 35 loan payments to pay off and have better financial situation

I would llike have savings about 70 000 pln when I am old and

1100 pln per mounth gives me savings for old days. From 2024 my savings will be open for savings.

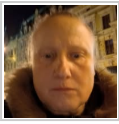

I am thinking more about savings more than buliding my own home. I will have need amount for building my own home on my savings waiting for me. We are living in the difficut and uncomfortable time is better to have savings and think strongly about savings.

Dear Tata

I am at home I had a quiet weekend. I wrote to Donia and I could not put films inside her wrting letter option. I wrote for long time yesterday and on the end I had to put picturess of flowers and fruits instead of films. I think ithis is ok. My writting has to stay this way. She can read everything and watch on her free time. One film was really interesting and cool to watch.. I am resting waiting for my pension and for the meeting with Donia.The Summer will over soon and the Fall is coming I am happy about that. I am going to Waesaw this next week and I am content. about it. Hopyly I will take care everything and my life will be wiith no change and the same. I am thinking about you and I miss you.
