“ I am shocked and saddened to hear about Jaspal. At LBL, he always went out of his way to connect with people, as he delivered the mail and packages. If I told him that I was going to send something out, he made sure that he double checked that day. In our conversations, it was clear that he loved his family and was proud of his children. “ I will remember Jaspal as a kind man who went out of his way to find me and to say "hello" whenever he would deliver packages to my lab. Even when I moved off the Hill to a new location where packages were no longer delivered to individual labs, he'd still take the time to find me. I really appreciated the effort he made. “ I am deeply saddened by the loss of Jaspal. I didn't know him well, but on one or two occasions he delivered a package to my office. We had a nice exchange and a good laugh when I screwed up his e-sign machine. After our first meeting, I would see him driving the truck around the Lab or walking a palate of packages into the office, and we would always smile and wave or say hello. He was always so kind and had such a beautiful way about him...and very kind eyes. I often thought to myself that he was such a peaceful and warm person....wondered what his life was like and how he ended up at the Lab.

To Jaspal's family, I share my deepest sympathy for your loss. But find peace in the fact that he was a great person and he touched others in his presence.

Sincerely,
