“ *John,  
I wish that I could tell you this in person, but I feel in my heart that this will make its way to you.  
I'm going to miss the talks that we had, the laughs that we shared, and your kindness and willingness to go above and beyond for a friend.  
I'll never forget the funny cap sessions that we had when you would get on my teeth and I would get back on the way you would whistle when you said s's. And, the time that you called me over and we made chiopino in the middle of the court you lived in and invited all of your neighbors to join us...  
Anyway, there are many more great memories, and I'm gonna miss you brother.  
You're a great father, and a great friend... Until we meet again...
