“ *I am going to really miss you. What will I do now without you to talk to. I guess you could say I'm having trouble with accepting you won't be here to give me a bad time like you enjoyed. I don't get to nag at you. I will be able to say I Love you everyday. We were lucky that way. You were always so kind. Even on a bad day you never were angry or mean. You are at peace now.*

I send lots of Love and prayers to all of the family....They have been a second family to me and my family. I have been very close with all of them at one time or another. But when I meet Tony (Alleycat) I though he was going to be so mean. I reverse he was the most gentlest man. So kind to me and my boys. Always would make sure that he would come up to me at Kaiser when my sister and I were taking mom for her appointment. Giving us all a bear hug. Which everyone needs those. He will be missed. Love always and forever, Bless all

My brother was a kind man. Even as his health worsened and there were days that he was in so much discomfort he never complained. He didn't get mean or cranky. My brother expressed his appreciation for the care he recieved. We often spoke about how true it is that things happen for a reason. It must have always been gods plan for him to get taken care of when the time came and he was. I will miss him deeply.

To my brother Alleycat , I love you and and I will miss you, You were the glue, I remember when I was growing up being one of five girls we all wanted skates for christmas and you and mom were so good to us that we must have gotten ten pairs lots of them and some of them became skate boards I will always remember that, That was a great memory You and mom worked together to help us all Thanks Alleycat from being the father we all needed You were always there Don't take any wooden nickels or gifts without batteries Love Teri
