Victor and Millie married in San Jose, CA on 12/30/1993 and moved to
Orlando, Fl

soon after. After 27 years they decided best to return to CA to be with family
since

Millie's condition of Pulmonary Fibrosis would soon take the best of her health.

In July

2021 she was admitted to Hospice Care in the home and received the loving
care until

her final seconds of life. She never ever complained which was truly incredibly
admirable.

Millie will be remembered for her early morning messages, knowledge of life's
happenings, always thinking about tomorrow, great style, sincerity, her
friendship was

like pure gold, a true confidant and loyal. She kept what was shared with her,
not

judgemental, quicker to listen than to speak and everything had a place. As soon as she visited CA each year we couldn't wait to get the ingredients for her special dish, arroz with gandules and shrimp scampy so much better than Red Lobster's. Millie loved to dance to salsa music with Victor - they danced so beautifully together. She was sad that they weren't able to dance as before. Listening to audio books was her passtime. We all could see how much she loved Eddie, her food arrived by special delivery - (laughs). She loved her Trudy, like a sister from another mother! Rossi (Aeja's dog) was always peaking and by Millie's bedside to make sure she was ok - pouring his love on her - adorable.

What did Millie hope for? One day seeing her father, mother, grandmother and brothers that preceded her in death. She thought about Job14:14 which says: "If a man dies, can he live again? ..." and John 5:28, 29 "Do not be amazed at this, for the hour is coming in which all those in the memorial tombs will hear his voice and come out, . . . to a resurrection of life . . ." Her hope will be a reality.

To the BEST Mom and Wife anyone could ever have. You are forever loved!
