“ I know what kind of mother I had, and I am so proud of her. She lived, loved, lost and endured but always with the kindest most beautiful heart, through both wonderful and tough times. I wish I had 5% of her strength because right now it's hard to imagine a world without her. There are so many sights and sounds and memories of her going through my mind, but I always remember my very earliest memory of her (at the age of 3). I looked at her and thought, gosh this beautiful person is my mother!! I felt so incredibly proud. My darling mother, I love you always and forever. With all my love Winsome xxxxxx
