“ *My deepest condolences to Theresa's family. I spent many a day with my nephew in her shop when he was younger watching and learning from her (I mostly did the watching while he did the learning). She was an incredibly patient, caring, and talented individual and amazingly good with kids and adults of all ages. She always had popcorn on the table and a helping hand with any project, no matter how crazy the idea. I am so thankful that we walked into her shop and had the opportunity to meet and learn from her. My thoughts and prayers go out to her family and friends. May she rest in peace.*

“ I don't have a favorite memory. I have many favorite memories of my little sister. I have good ones and not so good, after all we are sisters. Some of our best memories were when our mother took us to Hart Park once a week so we could picnic and swim all day. And by the way, you know she loved the dirt. Growing up she was always dirty. Hated baths. (Seriously we had a baby sitter who quit over Theresa screaming and fighting about taking a bath). When Theresa found clay she truly found her calling. I knew she loved dirt.

Thankful for There's a sharing her love for working with Clay with the kids. She gave my daughter her first experience on the Pottery wheel in her store,we later found she had classes at her home.
