William "Bill" Bird

June 5, 1926 – October 7, 2011

Bill Bird, 85 years old, passed away suddenly at his home surrounded by family. He was born in Clearlake Oaks at the "Y". He was a long time resident of Vallejo.

Hal Boex, a longtime friend, once said that, "Bill is the smartest uneducated man he ever knew."

Bill was in the Navy as a bombardier during WWII and the Korean War. He was a deputy sheriff in Monticello, Nevada. He also was as a lineman for the railroad for 15 years. He owned and operated the Napa Val Resort for many years. He sold the resort to begin a career in the construction field to build bridges, sewer systems, dry docks and other structures such as, the HWY 37 Bridge; a section of the Embarcadero & Great Highway sewer system in San Francisco; building of the Bart Station at Market & Davis Streets; and deepening, widening and extending Dry Docks 1 & 2 at Mare Island Naval Shipyard. He enjoyed the heights and dangers of building bridges all over the Bay Area for the next 30 years. He was one of many superintendents that helped rebuild the Bay Bridge after the 1989 earthquake. He always said that you couldn't get anywhere in this town without going over a bridge or causeway that he built. He was a member of the Pile Drivers Local 34 for over 50 years.

He was a lifetime member of the Vallejo Yacht Club. He ran the chairs for Rear Commodore, Vice-Commodore and Commodore. He was on the Board of Directors for 15 years and served as chairman for several years. He loved going out on his boat with his family. He also loved decorating his boat for the lighted boat parade for the 4th of July, for which he took 1st Place several times.

In later years, he enjoyed coaching little league baseball with his son, John, for his grandson, Johnny; enjoyed hunting and fishing with his family; and taking weekly trips to Cache Creek with his loving wife.

He was predeceased by his mother, Mary Munoz and sister, Kate Mayo. He is survived by his wife, Anita, of 42 years; two sons – Lynn Bird (wife, Sandra) of Clear-lake Oaks; John Bird (wife, Sheila) of Vallejo; daughter – Robin Watson-Bird (wife – Jenni-fer) of Livermore; stepsons, Timmy Leggett and Dale Leggett; stepdaughter, Debi Leggett-King; brother-in-law David Harpine (wife, Susan); sister-in-law Carolyn Crepps (husband, Gene); seven grandchildren - Debbie Bird-McDermott, Kristy Bird, Laurie Bird, Courtney Bird (fiancé, Anthony Boot), Johnny Bird, Wyatt Watson-Bird and Eli Watson-Bird; 10 great-grandchildren; and numerous nieces and nephews. He also leaves behind the other loves of his life, four little furry friends, his loyal and faithful cats, Kitty Babe, Asia, Raccoon and Possum.

A Celebration of Life will be announced at a later date. In lieu of flowers, the family prefers any donations be made to the Friends of Animals or Vallejo/Benicia Humane Society.

Please visit the online tribute at twinchapelsmortuary.com. Cremation and arrangements are entrusted to the direction and care of Twin Chapels Mortuary, Vallejo (707) 552-6696.

“ Hi Papa,

I just wanted to come by and say Hi! It has way to long since I stopped by and showed your wall some love. Things are going good Anthony and I bought a car at the end of last year the Alero finally called it quits after 16 years. We got a 2021 Toyota Sienna it is really nice and fits our little family. Anthony is doing good he just got a promotion to Lead Tech at Safelite and he got a raise. Drea is about to finish her first year of school she is doing so good. She is a talker just like her mama so you know I will be getting calls from her teachers about her talking in class just like you and Nana did with me lol. She is my girly tomboy she loves to play dress up and play with her dolls but she loves to be outside playing in the dirt/mud and looking for bugs. She is a sassy one too I don't know where she could have gotten that from lol. Jr he is a handful that one he is very headstrong and likes to push the limits to the max. He has a arm on him both throwing and hitting wise. He loves to bug Drea and make her scream and whine because he is messing with her or her toys. But he is always the first to protect and defend her from anyone else. They are 2 peas in a pod. That is until you throw the 3rd musketeer in the mix lol. Shane is doing great he is finishing up Kindergarten this year and will be going into 1st grade next year. You would've been over the moon in love with them and they would've adored you just like I did and still do to this day. I have started to tell them things about you now that they are getting old enough to remember things and ask questions. Thank you for always be so open with us and sharing your stories, thoughts and advice I cherish it all and I am thankful to be able to tell my children about their Great-Papa. I miss you so much everyday is hard but some days are harder then others. I will always carry you in a special place in my heart that was always reserved for you and the amazing person you were to not only me but to everyone who was lucky enough to have met you. I love you so much Papa! RIP

“ Hi papa,

It's been a while since I have come on here to write to you. I talk to you all the time and I think you about every second. I miss you so much! I really wish my kids could've met you they would've loved you and you would've adored them. I will make sure that Shane, Andrea and Junior know everything about you and they will feel like you were a part of their lives. I miss our talks and all the laughter we shared. There have been so many times that I wish you were here for me to talk to and help me thru something. I have been finding myself reminiscing a lot about when we were growing up and just how everything was and all the great memories I have. I am truly thankful and blessed for you and Nana everyday and I will never be able to thank you guys enough for all that you did and have done for me and my family. I wish I could hear your voice just one more time and hug you one more time. I miss all the jokes and teasing. You were truly the most amazing man I have ever known and you will forever hold a very special place in my heart. I love and miss you more then I can ever express. Til we see each other again.

“ Hi Daddy. It has been five years since you left us and I miss you so much. I wish you had the chance to know Noah on Earth because I think you would have really enjoyed him. I miss hearing you say "hey bo--ey" when talking to my kinds. They were so small when you died they don't remember you saying that, but I do. I think of you every day. I don't see you or signs of you around my house any more and I sure do miss that. Come back and visit. Tell Grandma and Grandpa I said Hi and give Cadaver and Vixen some love from me. Big kiss and hug from me to you daddy. Good night. 🥰 -Robin

Carolyn is in Iowa but things aren't going too good back there, it seems like her house has been taken over and no one wants too do anything but have their hands out, there are things that need too be done before winter and big Mike is not being helpfull said he is on vacation and she told him fine that she planed on hiring someone for the roof and to put the rest of the back sideing 3/4 of the way down and she would finish it. I don't know if little Mike is going too help with the kitchen floor that is rotnening out or have too get someone too do that, I told her she could come back out here if it's not working out but she said she had things too do there. “ Hey papa,

*Man I am missing you more than normal and I mean I already miss you a lot every second of every day but all this wedding talk and everything makes me miss you more. I wish you could have been there in person at my wedding and Johnny's wedding. I wish I would have gotten married a year earlier than I did that way you would have been there. But I know everything happens for a reason i just wish that outcome could have been different. Well Johnny and Jess are expecting! They find out on the 25th of this month what they are having we are hoping for a boy but we will all be happy with either as long as they are happy and healthy. Me and Anthony want to start trying but we want to wait until after I have a job so that we can save a little and have an income when we do have a baby because we don't want to have to depend on anyone to help us even though I know they will either way. Thank you so much for everything you and Nana did for us and for putting your plans on hold to make sure that we had what we needed. I appreciate so much and I wouldn't change any of it for the world. You truly are my hero and I learned so much from you and I am so glad that I had the time that I did with and got to learn all the stories and lessons from you. There is a huge hole in my heart since you left us and it can never be filled because it was reserved only for you. I love you and miss more than anyone knows.

“ Hi Papa,

Its been a while since I stopped by sorry about that but I think of you everyday and I miss you more than you can imagine. It is 2 years today that you left us and my world crashed down and changed forever. It has been hard not having you here with us and being able to sit on your lap and hug and kiss you. I miss our talks and all the stories you used to tell me. This year has been especially hard and would have been better if you were here. I have had some life changing things happen this year the major one being diagnosed with a severe and rare form of Celiac after spending almost 4 months in and out of the hospital. It was really hard and scary for me and everyone else. I had a major breakdown in the hospital and all I wanted was you there to hold my hand and tell me that everything was going to be okay. You always knew just what to say and how to say it to make me feel better no matter what. I wish I could talk to you and hug you again. I wish you were here still for me but more for Nana she misses you so much I know she tries to put on a strong and brave face, but she is so torn up inside. Please let her know that you are still with her. You would be so proud of Johnny he has cleaned up nice he is in Georgia and he is a driver now. I wish more than anything that you could've seen him clean up before you left us. I love you and miss you more than I can ever express. We will be together again one day. R.I.P Papa you are my everything and my hero.

“ Hi Dad,

I know its been awhile since I have visited here, but I talk to you every night when I go to bed....we really miss you. I wish you were here to tell me what I should do about my job situation....I am really concerned that I am going to let mom down and I really do not want to do that, she and you have always been so good to me, opening your hearts and your home to me, treating me as if I was one of your own....I may never have told you or mom but I really needed that, I really needed someone that cared and loved me, growing up I was always an after thought to my parents, the other kids seemed to always come first. But anyways, everyone is doing good....Courtney is getting much better since they diagnosed her....Johnny as I am sure you know got married and joined the Army....he is doing well, he seems to like it. I hope that he get stationed somewhere close to us and not overseas.....I miss him tremendously.....John is doing okay, there are days when we are driving somewhere or just talking about something and it reminds him of you and he starts to cry...he has been helping out with the upkeep of the house next door and our house.

Well dad I should get back to work (not alot to do), I just wanted to say hi and I love you. I will try to visit a little more often and I will talk with you tonight.

Love Always your devoted daughter-in-law,

It has been hard for me to go thru all of this I had a lot of break downs when I was in the hospital and i wanted you there so bad because you have always made things better for me my whole life. You and nana always know how to make me feel better and get me thru the hard times. Johnny is married now you would've loved Jessica he found a great girl to spend his life with. You would be so proud at how he has turned his life around I wish with everything in me that you were here to see how much he has changed. I got a new job I start Monday I'm excited because it is a completely different type of office work then what I have done but I am also sad because I loved my old job and I am still hoping that they call me to come back soon lol. “ I cried when you passed away . I still cry today. Although I loved you dearly I couldn't make you stay. A golden heart stopped beating . Hard working hands at rest. God broke my heart to prove to me he only takes the best. Your passing was so sudden , I didn't get the chance to say good by my love tell we meet again. Your Loving Wife

“ *We have so many wonderful memories with Bill and Anita, they were our best friends, we've known them since the 60's. Bill always had a good story to tell and we loved hearing them. We will miss him greatly. We send our love and sympathy to his family.*

“ *Papa i miss you so much. As it gets closer to the wedding it gets harder and harder for me to accept that you won't physically get to be there but i will be carrying you down the aisle with me because you will forever be apart of me and apart of my heart. There isnt a second of the day that goes by that i dont think of you and all the things you did for me and all the things you taught me i cherish every second of my life that i got to be with you. I appreciate everything that you and nana ever did for me and for the life you gave me. you both mean the world to me and i am so happy that you are my grandparents/parents i wouldnt change my life for anything because there is no one as special to me as you and nana. I will take care of nana for you, she misses you so much and that will never go away, but she is a strong woman and has all of us to help her thru this tough time when you cant. I LOVE YOU MORE THAN ANYTHING IN THIS WORLD PAPA!!! R.I.P. To the GREATEST MAN I HAVE OR EVER WILL KNOW!!!*

“ In my eyes my Papa was more than my grandfather he was my teacher in everything from stackin wood to workin on anything with a motor. He was my father when i was a little boy when my dad had his seprate life but MOST of all he was and always will be my Soldier My BIGGEST HERO and bestfriend in the whole Universe no one can fill his shoes or the place in my heart. Every day and every night i feel him where ever i am like hes watchin me makin sure im still alive, takin care of my self and helpin with the family as much as i can. As much as i wish it was me and not him but i cant change that. In my dreams and thoughts i can hear his voice tellin me he misses and loves me and its time to gorw up and be the man he taught me how to be. Some people may think im crazy but i dnt care what they think about me and thats because my papa taught me that. Papa i love and miss you so much. Alot of people think your really gone but in my eyes you are with me in my heart and soul and that will never change. I LOVE YOU MY HERO and i hope you have always known that because i know i hardly ever told you i did and i regret all the times i gave you attitude and fought with you but i cant take it back now but if you can hear me I LOVE YOU WITH ALL MY HEART AND SOUL AND I WILLNEVER STOP....

R.I.P PAPA MY HERO I WILL NEVER FORGET ABOUT YOU....YOU WILL ALWAYS BE IN MY HEART <3<3<3<3

“ I will forever miss my Dad; the one man on Earth with who I not only had matching ugly feet with, but who experienced the world in much the same way I do...at least one step ahead of most of the people around him.

Dad, you were the smartest man I ever had in my life and I cry every day because I miss you so much. You always brought sunshine to my life even on cloudy days. Do not worry, we will all take care of Mom since you cannot be here with her anymore.

I love you Dad.

“ *The first time I met Bill was the day Jerry and I moved into our house next door to him and Anita. They came over and asked if there was anything they could do to help. If you knew Bill, he meant that from the bottom of his heart. Over the many years we lived next door to them I can't possibly count the many times he helped not only Jerry and I , but my second husband Jim and I also. When I needed anything he was more than happy to help. He had such a wonderful sense of humor and full of great stories. He will be greatly missed by all his family and friends. He was such a strong person I thought he would be around forever. He touched so many lives in such a positive way. We all have a special angel watching over us. Rest In Peace, Bill. Love and prayers to you, Anita and all the family.*

“ *I will never forget the first time I met Bill and Anita. It was the summer before Johnny went into 9th and I was teaching the Vallejo High School's summer reading and math "camp." Johnny was in my English class that summer. On the last day of the summer session, VHS had a picnic which included the students and their families. It was a way for all of us to get to know one another as the kids entered 9th grade. I will never forget Bill. He was delightful and oh so funny! His sense of humor reminded me of my own father. I loved you two instantly and you both made me feel like a member of your family. To the Bird family, May all your fond memories sustain you during this difficult time. My love and prayers are with you all.*

“ I don't know what I am going to do without you dad....whenever I needed advise, had a problem, all I had to do was come and ask you and we would figure it out together....you were our rock and I am going to miss your sweet smile, the way you would tease me just before I was leaving for work, your compassionate heart, and your uncanny ability to know when I needed to laugh. You were the most loving, caring, and best father-in-law a girl could ask for...you will forever be in my heart.

“ I wanted to share what I knew about bill Bird.bill came into my life when I was 5 yrs.old and soon came to live with him when I was 7.He always seemed to make the time to make me laugh or explain what kind of fish was in the freezer where he owned a bait shop.He protected me from things and ppl who were out to hurt me ,not just me but my 2 brothers Dale and tim .Thru the years he was always there to bring us safely back to his home.Up til I was 19 Bill was there to help me in any way he could ,that is what bill did, he would help others .I call him Dad and friend.I will miss him greatly .
